

Nasscom to spotlight India's Tech and Innovation Prowess at Mobility Tech Pavilion, Bharat Mobility Global Expo 2025

New Delhi, January 16, 2025: The Nasscom Mobility Tech Pavilion at Bharat Mobility Global Expo 2025, from January 17-22, will serve as a dynamic showcase of cutting-edge mobility technologies, highlighting groundbreaking advancements in connected vehicles, autonomous driving, and smart transportation. It will bring together leaders from the automotive, technology, and mobility sectors, along with global ER&D heads and academia, with the aim of fostering collaboration and driving innovation across the industry. The Pavilion will reflect India's commitment to responsible and future-focused technological progress in the mobility landscape, by emphasizing sustainable mobility, cybersecurity for connected vehicles, and software-defined vehicles.

This state-of-the-art exhibit will feature transformative solutions shaping the future of transportation, including connected vehicles, autonomous driving, AI-powered mobility, and cybersecurity. Located in Hall 3, the Pavilion will serve as a central hub, showcasing the convergence of IT and mobility technologies while positioning India as a leader in global mobility innovation.

Key attractions of the Pavilion will include an Innovation Showcase, presenting groundbreaking products and technologies from leading global companies, and a Tech Talks Stage, which will host discussions on topics such as future-driven mobility, excellence in automotive manufacturing, the leadership of GCCs in the automotive sector, and skills development for the smart automotive ecosystem.

The Pavilion will also feature contributions from leading technology companies such as Dentsu, Bosch, HCLTech, Tata Elxsi, KPIT, QuestGlobal, and Capgemini, alongside startups and mobility service providers, offering a comprehensive view of India's dynamic and innovative mobility ecosystem, driving the next wave of growth and collaboration in the sector.

About Nasscom

Nasscom represents the voice of over USD 250bn technology industry in India with the vision to establish the nation as the world's leading technology ecosystem. Boasting a diverse and influential community of over 3000 member companies our network spans the entire spectrum of the industry from DeepTech and AI start ups to multinationals and from products to services, Global Capability Centres to Engineering firms. Guided by our vision, our strategic imperatives are to accelerate skilling at scale for future-ready talent, strengthen the innovation quotient across industry verticals, create new market opportunities – both international and domestic, drive policy advocacy to advance innovation and ease of doing business, and build the industry narrative with a focus on Trust, and innovation. And, in everything we do, we will continue to champion the need for diversity and equal opportunity.
